LANCERS' EDGE

1964

To one
of my dearest
friends "Helen"

Well this whole
year is gone and this
means that from now on we're
on our own. Helen, I think I
know you fairly well and what I
know of you is that I have never met
a long way in the world. This is one thing
that I have never told a girl - but unless I really love
and Helen you have the greatest personality and
beautiful. I only hope that the future
for you and Gene. All the
Bless you and help you forever
and kisses.

Love

Dad

Thanks so much for all the enjoyment
you've added to Reynolds. Your sparkling
personality will take you a long
ways. Lots of luck.

Rick

Helen – It's been fun knowing you these past four years. Lots of luck to a very sweet girl – Best wishes – John Irwin

Helen,
Well lunch buddy, what will we do without that great food? Everytime I eat lunch I'll think about you. Your a great gal Helen. I wish you the best of luck.

See ya

Helen,
I can't just say it's been fun, cuz it's been so much more than that. You are really a true friend, and I'm going to miss you lots. I could go on and on how darling, beautiful, etc. you are, but you know I think the world of you, so I'm just going to say best of luck in the future, and I do mean best of luck to a deserving girl.

Love & Blessings
Sherrie

Hell Baby,

Every year I have torn you apart in the Annual so this year why change things. Actually for once in my life I shall be very sweet. You have been the greatest neighbor anyone could ask for. This year is the only year we really haven't seen an awful lot of but thats because you transfered out of all my classes. That was really sweet of you. You had to go and get all hitched up so I guess that explains why we haven't seen a heck of alot of each other. I really think Gene's a great guy and I hope you will be very happy together.

I hope you won't forget that Jim still a neighbor at least until you move and perhaps drop by if only to say hi once in awhile. See Helen I really think you are sweet guess I just waited a little to long to really find that. Well if I cried I would stain the annual so I won't cry.

I would like to wish you the very best of luck in everything you do and your future happyness.

LANCERS' LEGEND

REYNOLDS HIGH SCHOOL

TROUTDALE, OREGON

The cover for the 1964 Lancers' Legend has been designed by Ayman Habal, our exchange student from Syria. We appreciate the thought, effort and interest in our school that Ayman has shown in his portrayal of what Reynolds means to him.

His message reads as follows:

"Dear Lancers,

It is what I saw and felt that made me design this cover with the shield, lance, and the lancer representing Reynolds. The eight stars show how old the school is.

The bricks symbolize that all of us are one unit, side by side, but if one is lost the entire wall won't come down. We lost President Kennedy, but the U. S. didn't fall down. We felt bad and that is symbolized by the spring, when you touch one circle, the whole spring will vibrate."

Ayman El-Habal
A Syrian Lancer

Helen
You are a wonderful girl
and I only wish I would have
realized it sooner. I want to
wish you the best of luck in
all that comes your way. Al-
ways remain your vibrant,
exciting self.
Love,
Sandi

DEDICATION

KERNAL BUHLER

The graduating class of 1964 wishes to dedicate this year's Lancers' Legend to one of our favorite teachers, Kernel Buhler. Mr. Buhler has been a member of the Reynolds' teaching staff since the school first started in 1956. He is kept very busy teaching Biology and Greeenhouse as well as coaching Track and Cross Country.

Mr. Buhler is a native of Oregon. He was born in The Dalles and has spent much of his life in this state. He attended Oregon State College and Reedby Junior College of California, and graduated from the University of Oregon. "The Kernal" can list among his hobbies sports and horses. The horses he raises are his pride and joy. Anyone having one of his classes is sure to depart with some knowledge of his Appaloosa ponies.

The Buhlers reside on a nine acre farm on McKinley road near Gresham . . . The members of his family include his wife Gladys and his four children, Shelley Beth 9, Katherine 8, Kernel Cary 6, and Julie 2.

With this annual which we dedicate to Mr. Buhler goes our heartfelt thanks for his time and effort in bettering the lives of his students. The senior class of 1963-64 wishes to take this opportunity to say, "Thanks, Mr. Buhler."

PRINCIPAL

PRINCIPAL'S MESSAGE

The two years I have spent as principal at Reynolds have flown like a supersonic missile. One of the hallmarks of a desirable job is the fleeting of time. During this rapid two year tenure, I have formed several impressions of this, your school.

One impression is that Reynolds students are, for the most part, mature, responsible young adults. Another is that your school is a fine physical plant. Also students should be aware of the fact that their faculty is one of the State's finest. Reynolds teachers have been carefully selected. They attend special classes, summer and year-long institutes in modern teaching methods, and they are dedicated to bringing to each student the most modern concepts in education commensurate with each student's ability to learn.

Students should be proud of their school. This pride should manifest itself in respect for school property, support of school teams, self discipline in and out of the classroom, and the desire to do well. This desire to do well is especially important to the considerably more than half of you who enroll in colleges upon your graduation from Reynolds. All colleges, state and private, are increasing their entrance requirements to the point that a student can no longer afford to "just get-by" in anticipation of waking up academically once he enters college.

Preparation for college is, however, only one of the functions of a modern comprehensive high school. More important is preparation for life. The record—social, academic, and personal — each student makes at Reynolds will last him the rest of his life. This far-reaching importance of the high school record is true whether you go on to school, get a job, or get married. Make the most of your experience here. The record cannot be retraced—it is lasting and indelible. Remember that not only is the academic and activity record permanent and lasting but also the friendships and social contacts set the pattern and establish the reputation. Covet your friends like you covet your grades—both will stand you in good stead in the years to come.

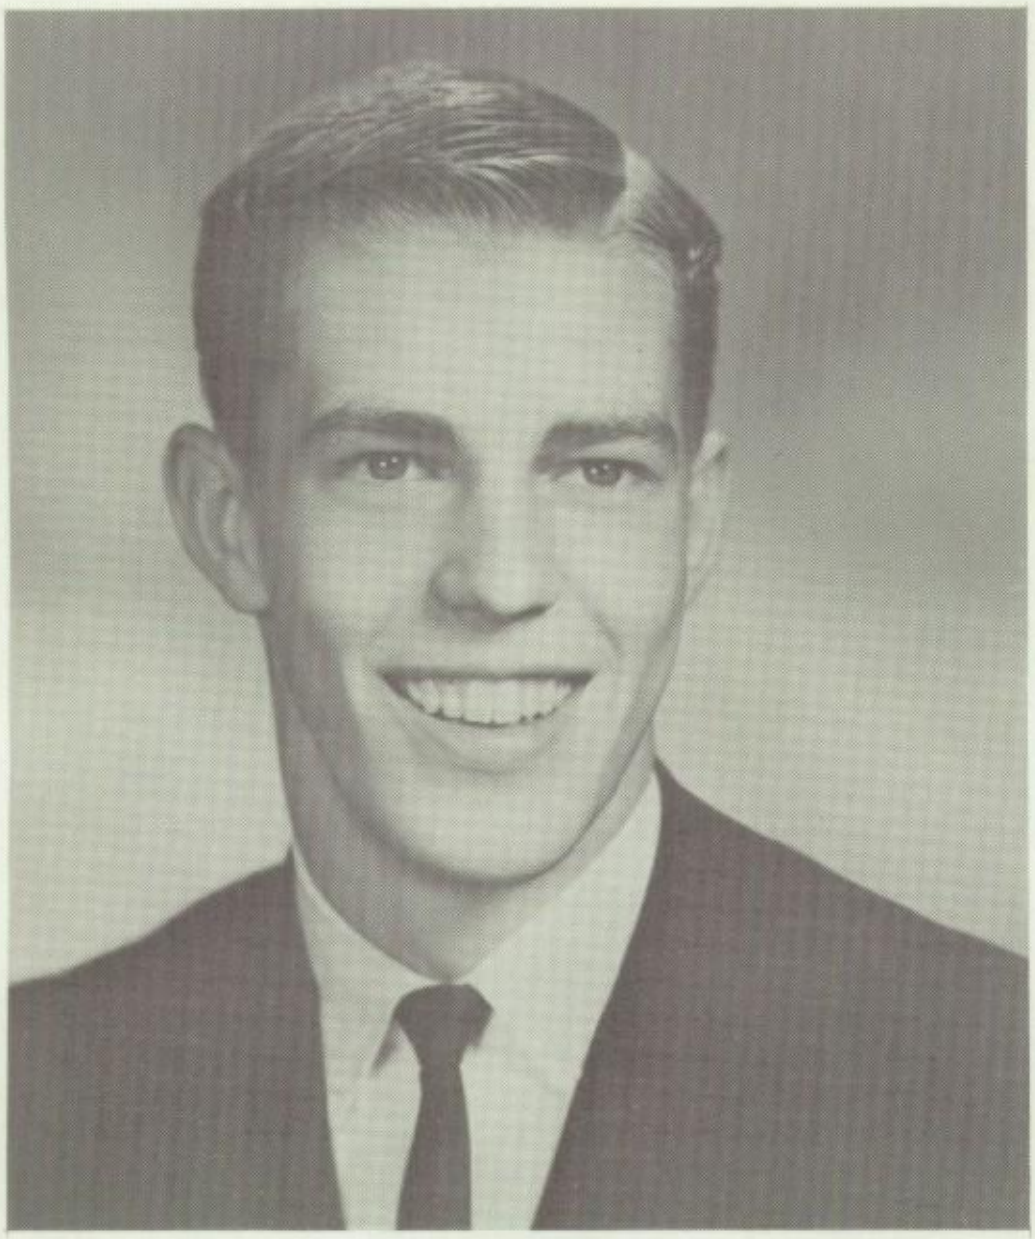
STUDENT BODY OFFICERS



PRESIDENT
Grant Beldin

While at Reynolds I have seen many favorable changes take place, and this year has been no exception. I was fortunate to take part in and to help execute many of this year's events.

My position this year has not been an easy one; but through the co-operation of the other officers and the student body, the burden was lessened.

I have enjoyed working with the students this year and feel that their accomplishments represent a bright beginning for future endeavors.

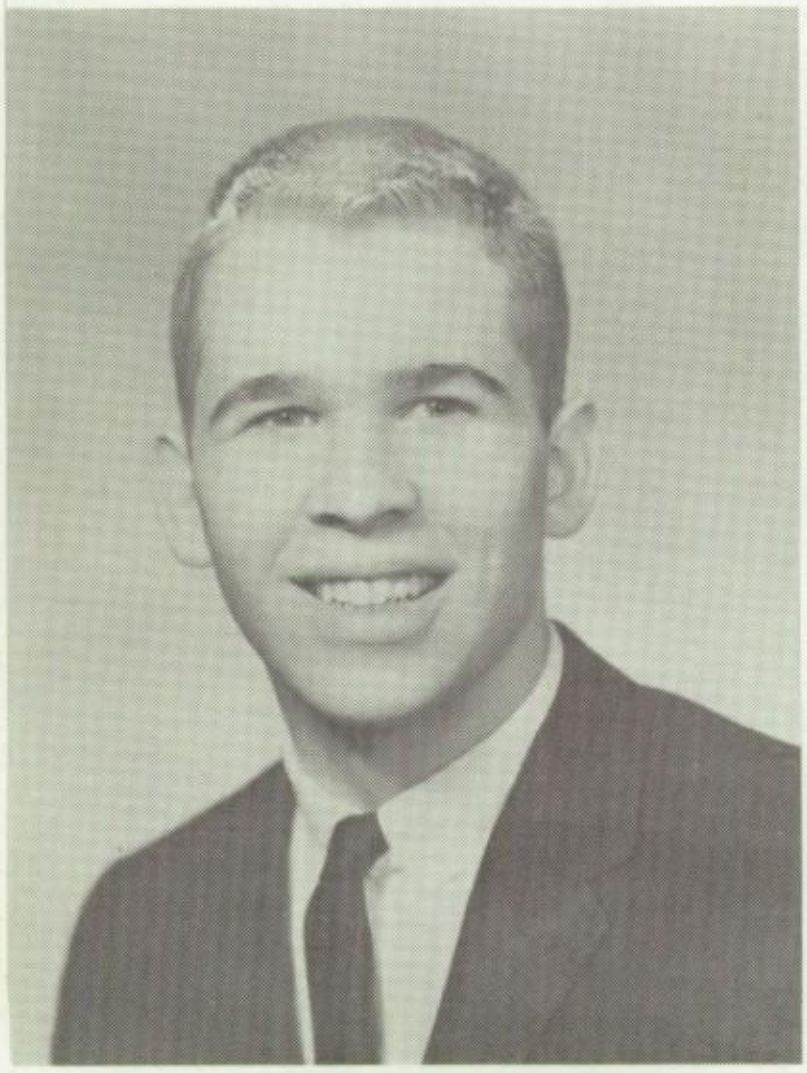
SENIOR CLASS OFFICERS



PRESIDENT
Larry Jones

In our freshman year, the class of 1964 participated in tree-planting and other activities to raise money for the school's football lights. One of the biggest projects undertaken as sophomores was the selling of seeds to raise money for the prom that coming year. During our junior year we sponsored three dances, one being the prom in honor of the seniors. In our last year we sold charm bracelets and put on the Sweetheart's Ball. With the money we had earned, a flagpole was donated to the school and erected between the baseball and football fields.

As the seniors leave their alma mater, we would like to express our appreciation to all our teachers who have donated so much of their time to educating us. Many times the cause may have seemed hopeless for both students and teachers. As we go on to college, however, the many invaluable things that we learned will be realized.

AYMAN HABAL
Damascus, Syria

The days will pass, years will vanish, but the sweet memories of the happiest and the most enjoyable year in my life will be with me as long as I live. I am the richest boy in this world with your love and friendship, so please try to remember Ayman, the Syrian Lancer, who will open his annual every day and pray, "Oh God, save my friends the Lancers and give me the happiness of meeting them again." Please write to me; it is nice to know that someone remembers.

Ayman El-Habal

Please do keep in contact, Helen. More than anything, I'd like to come see you in your new house. But because of your being so busy with Gene and work and all I guess I will have to wait to be invited.
I hope everything turns out exactly as you planned and all your dreams come true.

Helen -

It's very hard to put in writing my feelings towards you, your family and your sister. Every one of you means so much to me. Ever since I moved into this house and it became my home, your house also became a kind of home for me. I don't imagine you ever think back to our grade school days, but I do quite often. Without your friendship, Helen, I would have been lost and I've got so much to thank you for. I hold nothing but beautiful, wonderful memories of the times spent with you and Karen and Helen, please ~~also~~ always watch out for your darling little sister, cuz she is perhaps the kindest, sweetest and most understanding person in the whole world. Here it is, already the twelfth(12th) of July and it's Karen's birthday. I feel like such a miserable person sitting here because I haven't called to wish her a most wonderful and blessed birthday. And to think that in a few days you'll be moving, makes me sick inside for I truly believe I'll be losing the two best friends I ever had

cont.

Helen,
I've really enjoyed knowing you the past five years. You're a lot of fun and I hope we will always be friends. Wasn't the River Queen fun? Be good!
Love
Marsha

Helen,
It has really really been an experience knowing you in the past few years. We have done many things together since the 8th grade which really sounds shitty, but I enjoyed them. Keep your same smiling face. Good luck with everything you do in the future. Come and see me when you move. I will miss you.

Love,
Joyce Aer

Helen ~ I know this is the repetitious but "I can't believe we're out of high school." We have gone through more different experiences in our four years than perhaps any two friends at R.H.S. Some of our biggest heartaches during our sophomore year now seem so ridiculous. I guess it's just part of growing up ~ I hope you & Gene will be happy whatever should pass. Love always ~ Jenny

HELEN!!

TO A REAL COOL GIRL WHO I THINK IS REAL NICE. WE SURE HAD SOME GOOD TIMES IN JOURNALISM THIS YEAR. I HOPE I SEE YOU THIS SUMMER. I PROABLY WILL SINCE I AM WORKING AT VAN'S. WELL TAKE CARE OF GENE AND DONT LET HIM GET TO DRUNK!!! SEE YA this SUMMER

"GRANT" (THE BEAR'S BROTHER)

Helen,

These four years have gone by already and I still don't know you as well as I would like to. Best of luck in your work.

Larry
